

Hänseler D-Mannose

D-mannose is a naturally occurring simple sugar and offers a gentle way to prevent a bladder infection (cystitis), which is most commonly caused by E. coli bacteria. D-mannose attaches to the bacteria that cause infections on the bladder lining. The bacteria are then passed out with the D-mannose in the urine. ^[1]

Its features:

- Class IIa medicinal device, clinically proven prophylaxis ^[2]
- Packet of 30 sticks of 2 g each
- Dosage to prevent cystitis:
Take 2 g of pure D-mannose (1 stick) 1 x daily with liquid ^[1]
- Optimal effectiveness of D-mannose in pH-neutral urine ^[3]

Your benefits:

- Pure D-mannose free from preservatives or colourings
- Innovative product for the prevention of urinary tract infections
- Gluten-free, lactose-free, vegan
