Safety data sheet according to ChemV 2015 - SR 813.11 Printing date 07.11.2018 Version 59 Revision: 07.11.2018 . SECTION 1: Identification of the substance/mixture and of the company/undertaking • 1.1 Product identifier Trade name: Cardamomenöl / 01-4100 Article number: P0107694 Registration number -1.2 Relevant identified uses of the substance or mixture and uses advised against No further relevant information available. Application of the substance / the mixture Flavour/Fragrance • 1.3 Details of the supplier of the safety data sheet Manufacturer/Supplier: Frey & Lau GmbH Immenhacken 12, D-24558 Henstedt-Ulzburg Tel:++49-4193-9953 Fax: +49-4193-9955-80 • Further information obtainable from: Sachkundige Person Frey + Lau info@frevlau.de • 1.4 Emergency telephone number: ++49-40-54.77.99.56 WAKO . SECTION 2: Hazards identification 2.1 Classification of the substance or mixture Classification according to Regulation (EC) No 1272/2008 H226 Flammable liquid and vapour. Flam. Lig. 3 Skin Irrit. 2 H315 Causes skin irritation. Eve Irrit. 2 H319 Causes serious eye irritation. Skin Sens. 1 H317 May cause an allergic skin reaction. Aquatic Chronic 2 H411 Toxic to aquatic life with long lasting effects. 2.2 Label elements Labelling according to Regulation (EC) No 1272/2008 The product is classified and labelled according to the CLP regulation. Hazard pictograms (!) GHS02 GHS07 GHS09 Signal word Warning Hazard-determining components of labelling: Eucalyptol 3,7-Dimethyl-1,6-octadien-3-ol DIPENTENE I-.alpha.-Pinene 3,7-Dimethylocta-2,6-dien-1-ole 3,7-Dimethyl-2,6-octadien-1-al (cis und trans) beta-Pinene Terpinolene Farnesol Hazard statements H226 Flammable liquid and vapour. H315 Causes skin irritation. H319 Causes serious eye irritation. H317 May cause an allergic skin reaction. H411 Toxic to aquatic life with long lasting effects. Precautionary statements P210 Keep away from heat, hot surfaces, sparks, open flames and other ignition sources. No smoking. P241 Use explosion-proof [electrical/ventilating/lighting] equipment. P261 Avoid breathing dust/fume/gas/mist/vapours/spray. P303+P361+P353 IF ON SKIN (or hair): Take off immediately all contaminated clothing. Rinse skin with water [or shower].

. SECTION 4: First aid measures

• 4.1 Description of first aid measures

• General information: Immediately remove any clothing soiled by the product.

After inhalation:

Supply fresh air and to be sure call for a doctor.

In case of unconsciousness place patient stably in side position for transportation.

After skin contact: Immediately wash with water and soap and rinse thoroughly.

After eye contact: Rinse opened eye for several minutes under running water. If symptoms persist, consult a doctor.

After swallowing: Drink plenty of water and provide fresh air. Call for a doctor immediately.

•4.2 Most important symptoms and effects, both acute and delayed No further relevant information available.

•4.3 Indication of any immediate medical attention and special treatment needed No further relevant information available.

. SECTION 5: Firefighting measures

◦ 5.1 Extinguishing media

Suitable extinguishing agents: CO2, sand, extinguishing powder. Do not use water.

- For safety reasons unsuitable extinguishing agents: Water with full jet
- 5.2 Special hazards arising from the substance or mixture No further relevant information available.
- 5.3 Advice for firefighters
- Protective equipment: No special measures required.

. SECTION 6: Accidental release measures

• 6.1 Personal precautions, protective equipment and emergency procedures

- Wear protective equipment. Keep unprotected persons away.
- 6.2 Environmental precautions:

Inform respective authorities in case of seepage into water course or sewage system.

Do not allow to enter sewers/ surface or ground water.

• 6.3 Methods and material for containment and cleaning up:

Absorb with liquid-binding material (sand, diatomite, acid binders, universal binders, sawdust).

Dispose contaminated material as waste according to item 13.

Ensure adequate ventilation.

Do not flush with water or aqueous cleansing agents

° 6.4 Reference to other sections

See Section 7 for information on safe handling. See Section 8 for information on personal protection equipment. See Section 13 for disposal information.

. SECTION 7: Handling and storage

•7.1 Precautions for safe handling Ensure good ventilation/exhaustion at the workplace.

- Information about fire and explosion protection: Keep ignition sources away - Do not smoke.
 Protect against electrostatic charges.
- 7.2 Conditions for safe storage, including any incompatibilities

◊ Storage:

Requirements to be met by storerooms and receptacles: No special requirements.

- Information about storage in one common storage facility: Not required.
- Further information about storage conditions: Keep container tightly sealed.

Storage class: 3

• 7.3 Specific end use(s) No further relevant information available.

. SECTION 8: Exposure controls/personal protection

Additional information about design of technical facilities: No further data; see item 7.

8.1 Control parameters

Ingredients with limit values that require monitoring at the workplace:

- The product does not contain any relevant quantities of materials with critical values that have to be monitored at the workplace. Additional information: The lists valid during the making were used as basis.
- 8.2 Exposure controls
- Personal protective equipment:
- General protective and hygienic measures: Keep away from foodstuffs, beverages and feed. Immediately remove all soiled and contaminated clothing Wash hands before breaks and at the end of work. Avoid contact with the eves and skin.

Respiratory protection: Use suitable respiratory protective device in case of insufficient ventilation.

Protection of hands:

Protective gloves

The glove material has to be impermeable and resistant to the product/ the substance/ the preparation.

Selection of the glove material on consideration of the penetration times, rates of diffusion and the degradation

• Material of gloves The multichemical-resistant glove Barrier 02-100 is recommended.

- Penetration time of glove material
- The exact break trough time has to be found out by the manufacturer of the protective gloves and has to be observed.
- Eye protection: Tightly sealed goggles

. SECTION 9: Physical and chemical properties

• 9.1 Information on basic physical and chemical properties

 General Information Appearance: Form: Colour: Odour: Odour: Odour threshold: 	Fluid Yellowish Characteristic Not determined.	
o pH-value: Melting point/freezing point:	Not determined. Undetermined.	
◊ Flash point:	54 °C	
∘ Flammability (solid, gas):	Not applicable.	
 Decomposition temperature: 	Not determined.	
 Auto-ignition temperature: 	Not determined.	
◦ Explosive properties:	Product is not explosive. However, formation of explosive air/vapour mixtures	are possible.
◦ Explosion limits: Lower: Upper:	Not determined. Not determined.	
 Density at 20 °C: Relative density Vapour density Evaporation rate 	0,93 g/cm ³ Not determined. Not determined. Not determined.	
 Solubility in / Miscibility with water: 	Not miscible or difficult to mix.	
 Partition coefficient: n-octanol/water: ∨OC (EC) 	Not determined. 84,60 %	(Contd. on page 5)

• 9.2 Other information

No further relevant information available.

. SECTION 10: Stability and reactivity

• 10.1 Reactivity No further relevant information available.

○ 10.2 Chemical stability

Thermal decomposition / conditions to be avoided: No decomposition if used according to specifications.

• 10.3 Possibility of hazardous reactions No dangerous reactions known.

• **10.4 Conditions to avoid** No further relevant information available.

• 10.5 Incompatible materials: No further relevant information available.

• 10.6 Hazardous decomposition products: No dangerous decomposition products known.

. SECTION 11: Toxicological information

• 11.1 Information on toxicological effects

Acute toxicity Based on available data, the classification criteria are not met.

◦ LD/LC50 values relevant for classification:

ATE (Acute Toxicity Estimates)

- Oral LD50 13.948 mg/kg
- ◇ Primary irritant effect:
- Skin corrosion/irritation
- Causes skin irritation.
- Serious eye damage/irritation
- Causes serious eye irritation.
- Respiratory or skin sensitisation
- May cause an allergic skin reaction.

CMR effects (carcinogenity, mutagenicity and toxicity for reproduction)

- Germ cell mutagenicity Based on available data, the classification criteria are not met.
- Carcinogenicity Based on available data, the classification criteria are not met.
- Reproductive toxicity Based on available data, the classification criteria are not met.
- STOT-single exposure Based on available data, the classification criteria are not met.
- STOT-repeated exposure Based on available data, the classification criteria are not met.
- Aspiration hazard Based on available data, the classification criteria are not met.

. SECTION 12: Ecological information

○ 12.1 Toxicity

- Aquatic toxicity: No further relevant information available.
- 12.2 Persistence and degradability No further relevant information available.
- 12.3 Bioaccumulative potential No further relevant information available.
- 12.4 Mobility in soil No further relevant information available.
- Ecotoxical effects:
- ◊ Remark: Toxic for fish
- Additional ecological information:
- General notes:

Water hazard class 3 (German Regulation) (Self-assessment): extremely hazardous for water Do not allow product to reach ground water, water course or sewage system, even in small quantities. Danger to drinking water if even extremely small quantities leak into the ground. Also poisonous for fish and plankton in water bodies. Toxic for aquatic organisms

- 12.5 Results of PBT and vPvB assessment
- ◇ PBT: Not applicable.
- ∘ vPvB: Not applicable.

• 12.6 Other adverse effects No further relevant information available.

. SECTION 13: Disposal considerations

13.1 Waste treatment methods

∘ Recommendation Must not be disposed together with household garbage. Do not allow product to reach sewage system.

• Uncleaned packaging:

Recommendation: Disposal must be made according to official regulations.
