HANSELER

# SECTION 1: Identification of the substance/mixture and of the company/undertaking

#### 1.1. Product identifier

Natrii citras Item No.

06604000

#### Substance / product identification

CAS-No. 6132-04-3 EINECS-No. 200-675-3 INCI Trinatriumcitrat

## 1.2. Relevant identified uses of the substance or mixture and uses advised against

## Use of the substance/preparation

Manufacture of cosmetics, food additive, industry, Cleaning agent

### 1.3. Details of the supplier of the safety data sheet

#### Address/Manufacturer

Hänseler AG Industriestrasse 35 9100 Herisau Telephone no. 0041 (0)71 353 58 58 E-mail address of sdb@haenseler.ch person responsible for this SDS

#### 1.4. Emergency telephone number

Switzerland :145 / Abroad +41 (0)44 251 51 51

## SECTION 2: Hazards identification \*\*\*

## 2.1. Classification of the substance or mixture

Voluntary product information following the Safety Data Sheet format This product is not classified hazardous in accordance with Regulation (EC) No 1272/2008.

### 2.2. Label elements

## Labelling according to regulation (EC) No 1272/2008

The product does not require a hazard warning label in accordance with Regulation (EC) No 1272/2008.

#### 2.3. Other hazards

Dust can form an explosive mixture with air.

The Substance does not meet PBT-criteria. This substance does not meet the vPvB-criteria. This substance does not have endocrine disrupting properties with respect to humans. This substance does not have endocrine disrupting properties with respect to non-target organisms.

## **SECTION 3: Composition/information on ingredients \*\*\***

294.1

#### 3.1. Substances

## **Molecular weight**

Value

g/mol

Further ingredients \*\*\*

trisodium 2-hydroxypropane-1,2,3-tricarboxylate dihydrate

### Safety data sheet in accordance with regulation (EC) No 1907/2006

Trade name: Natrii citras

Substance number: 066040 Version: 4 / CH Date revised: 24.04.2023 Replaces Version: 3 / CH Print date: 24.04.23 CAS No. 6132-04-3 EINECS no. 200-675-3, 612-118-5 01-2119457027-40-0003 Registration no. % Concentration 95 >= Advice: [4]

#### Note

[4] Voluntary information

# **SECTION 4: First aid measures**

### 4.1. Description of first aid measures

#### After inhalation

Remove the casualty into fresh air and keep him calm. Take medical treatment.

#### After skin contact

Remove contaminated, soaked clothing immediately and dispose of safely. Wash off immediately with soap and water and rinse well. Don't use solvents.

#### After eye contact

Separate eyelids, wash the eyes thoroughly with water (15 min.). Summon a doctor immediately.

## 4.3. Indication of any immediate medical attention and special treatment needed Hints for the physician / treatment

Treat symptomatically

## SECTION 5: Firefighting measures

#### 5.1. Extinguishing media

Suitable extinguishing media Water spray jet, Dry powder, Foam, Carbon dioxide

5.2. Special hazards arising from the substance or mixture Development of toxic gases

## **5.3. Advice for firefighters**

## Special protective equipment for fire-fighting

No special measures required.

#### Other information

Suppress vapours with water spray jet.

## **SECTION 6: Accidental release measures**

## 6.3. Methods and material for containment and cleaning up

When picked up, treat material as prescribed under Section 13 "Disposal". Avoid raising dust. Rinse away with water.

## SECTION 7: Handling and storage

## 7.1. Precautions for safe handling

## Advice on safe handling

Transfer and handle in enclosed systems is recommended. When filling, transferring, or emptying of containers, adequate suctioning close to work place necessary. Take action to prevent static discharges.
