Obtain medical attention.

#### 4.2 Most important symptoms and effects, both acute and delayed

Symptoms : No specific symptoms known.

#### 4.3 Indication of any immediate medical attention and special treatment needed

Treatment : Treat symptomatically.

#### **SECTION 5: Firefighting measures**

# 5.1 Extinguishing media Suitable extinguishing media Foam 5.2 Special hazards arising from the substance or mixture Specific hazards during fireNone known.

#### 5.3 Advice for firefighters

fighting

Special protective equipment : In the event of fire, wear self-contained breathing apparatus. for firefighters

Further information : Consider dust explosion hazard.

#### **SECTION 6:** Accidental release measures

#### 6.1 Personal precautions, protective equipment and emergency procedures

Use personal protective equipment. Ensure adequate ventilation. Avoid dust formation. Avoid breathing dust.

#### 6.2 Environmental precautions

Try to prevent the material from entering drains or water courses.

#### 6.3 Methods and material for containment and cleaning up

Pick up and arrange disposal without creating dust.

#### 6.4 Reference to other sections

For personal protection see section 8. For disposal considerations see section 13.

#### **SECTION 7: Handling and storage**

# 7.1 Precautions for safe handling

| Advice on safe handling                         |   | Avoid contact with skin and eyes.<br>For personal protection see section 8.<br>Smoking, eating and drinking should be prohibited in the ap-<br>plication area. |
|---|---|--|
| Advice on protection against fire and explosion | : | Avoid dust formation. Provide appropriate exhaust ventilation at places where dust is formed. Take precautionary measures                                      |
