#### **SECTION 2: Hazards identification**

#### 2.1 Classification of the substance or mixture

#### Classification (REGULATION (EC) No 1272/2008)

Not a hazardous substance or mixture.

#### 2.2 Label elements

#### Labelling (REGULATION (EC) No 1272/2008)

Not a hazardous substance or mixture.

#### 2.3 Other hazards

None known.

#### **SECTION 3: Composition/information on ingredients**

| Synonyms                              | : (R)-2,4-dihydroxy-N-(3-hydroxypropyl)-3,3-dimethylbutyramide |                       |                    |               |
|---------------------------------------|----------------------------------------------------------------|-----------------------|--------------------|---------------|

## **SECTION 4: First aid measures**

#### 4.1 Description of first aid measures

| General advice          | : No hazards which require special first aid measures.                                                                                                               |
|-------------------------|----------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| If inhaled              | : Move to fresh air.<br>If symptoms persist, call a physician.                                                                                                       |
| In case of skin contact | : Take off contaminated clothing and shoes immediately.<br>Wash off with soap and plenty of water.                                                                   |
| In case of eye contact  | <ul> <li>Flush eyes with water as a precaution.</li> <li>Remove contact lenses.</li> <li>Protect unharmed eye.</li> <li>Keep eye wide open while rinsing.</li> </ul> |
| If swallowed            | : Clean mouth with water and drink afterwards plenty of water.<br>Do not give milk or alcoholic beverages.<br>Never give anything by mouth to an unconscious person. |

#### 4.2 Most important symptoms and effects, both acute and delayed

| Symptoms : No specific symptoms kn | own. |
|------------------------------------|------|
|------------------------------------|------|

# 4.3 Indication of any immediate medical attention and special treatment needed

Treatment : Treat symptomatically.

## **SECTION 5: Firefighting measures**

| <b>5.1 Extinguishing media</b><br>Suitable extinguishing media                                                | <ul> <li>Alcohol-resistant foam</li> <li>Dry chemical</li> <li>Use extinguishing measures that are appropriate to local circumstances and the surrounding environment.</li> </ul> |
|---------------------------------------------------------------------------------------------------------------|-----------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| 5.2 Special hazards arising from<br>Specific hazards during fire-<br>fighting                                 | the substance or mixture<br>: Heating or fire can release toxic gas.                                                                                                              |
| <b>5.3 Advice for firefighters</b><br>Special protective equipment<br>for firefighters<br>Further information | <ul><li>In the event of fire, wear self-contained breathing apparatus.</li><li>Standard procedure for chemical fires.</li></ul>                                                   |

#### **SECTION 6: Accidental release measures**

## 6.1 Personal precautions, protective equipment and emergency procedures Use personal protective equipment.

according to Regulation (EC) No. 1907/2006

## **D-Panthenol**

Version 3.2

Revision Date 02.03.2018

**0413852** Date of last issue: 15.10.2014

#### 6.2 Environmental precautions

Try to prevent the material from entering drains or water courses.

#### 6.3 Methods and material for containment and cleaning up

Wipe up with absorbent material (e.g. cloth, fleece). Keep in suitable, closed containers for disposal.

#### 6.4 Reference to other sections

For personal protection see section 8. For disposal considerations see section 13.

#### **SECTION 7: Handling and storage**

#### 7.1 Precautions for safe handling

| Advice on safe handling                         | :   | For personal protection see section 8.                                                                   |
|-------------------------------------------------|-----|----------------------------------------------------------------------------------------------------------|
| Advice on protection against fire and explosion | :   | Take necessary action to avoid static electricity discharge.<br>Product will burn under fire conditions. |
| Hygiene measures                                | :   | General industrial hygiene practice.                                                                     |
| 7.2 Conditions for safe storage, in             | ncl | uding any incompatibilities                                                                              |
| Requirements for storage areas and containers   | :   | To maintain product quality, do not store in heat or direct sun-<br>light.                               |
|                                                 |     | Keep container tightly closed and dry.                                                                   |

Advice on common storage : No special restrictions on storage with other products.

#### 7.3 Specific end use(s)

Specific use(s)

: Not applicable

#### **SECTION 8: Exposure controls/personal protection**

#### 8.1 Control parameters

Contains no substances with occupational exposure limit values.

#### 8.2 Exposure controls

#### Personal protective equipment

| Eye protection           | : Safety glasses                                                       |
|--------------------------|------------------------------------------------------------------------|
| Hand protection          | : Glove material: for example nitrile rubber                           |
| Skin and body protection | : Lightweight protective clothing                                      |
| Respiratory protection   | : No personal respiratory protective equipment normally re-<br>quired. |

#### **SECTION 9: Physical and chemical properties**

#### 9.1 Information on basic physical and chemical properties

according to Regulation (EC) No. 1907/2006

## **D-Panthenol**

Version 3.2

Revision Date 02.03.2018

**0413852** Date of last issue: 15.10.2014

#### **SECTION 10: Stability and reactivity**

#### 10.1 Reactivity

No hazards to be specially mentioned.

#### 10.2 Chemical stability

Stable under recommended storage conditions.

#### 10.3 Possibility of hazardous reactions

Possible incompatibility with materials listed under section 10.5.

#### 10.4 Conditions to avoid

Heat

#### 10.5 Incompatible materials

Strong acids and strong bases Strong oxidizing agents

#### **10.6 Hazardous decomposition products**

Nitrogen oxides (NOx) Carbon oxides

#### **SECTION 11: Toxicological information**

#### 11.1 Information on toxicological effects

| Acute oral toxicity       | : LD50 (Rat): > 10,000 mg/kg                                                               |
|---------------------------|--------------------------------------------------------------------------------------------|
|                           | : LD50 (Mouse): 15,000 mg/kg                                                               |
| Acute inhalation toxicity | : No data available                                                                        |
| Acute dermal toxicity     | : LD50 (Rat): > 3,500 mg/kg                                                                |
| Skin irritation           | : No skin irritation (Rabbit, OECD Test Guideline 404)                                     |
|                           | : no phototoxic skin reaction (Guinea pig, CTFA Test Guideline)                            |
| Eye irritation            | : No eye irritation (Rabbit, OECD Test Guideline 405)                                      |
| Sensitisation             | : Did not cause sensitization. (Guinea pig)                                                |
|                           | : no photoallergenic skin reaction (Guinea pig, CTFA Test Guide-<br>line)                  |
| Genotoxicity in vitro     | : not mutagenic (In vitro gene mutation study in mammalian cells, OECD Test Guideline 476) |
|                           | : not genotoxic (Chromosome aberration test in vitro, OECD Test Guideline 473)             |
|                           |                                                                                            |

| 13.1 Waste treatment methods |                                                                                                       |
|------------------------------|-------------------------------------------------------------------------------------------------------|
| Product                      | : Offer surplus and non-recyclable solutions to a licensed disposal company.                          |
| Contaminated packaging       | : Empty containers should be taken to an approved waste han-<br>dling site for recycling or disposal. |

#### **SECTION 14: Transport information**

#### 14.1 UN number

Not regulated as a dangerous good

#### 14.2 UN proper shipping name

Not regulated as a dangerous good

#### 14.3 Transport hazard class(es)

Not regulated as a dangerous good

## 14.4 Packing group

Not regulated as a dangerous good

#### 14.5 Environmental hazards

Not regulated as a dangerous good

#### 14.6 Special precautions for user

Remarks

: Not classified as dangerous in the meaning of transport regulations.

#### 14.7 Transport in bulk according to Annex II of Marpol and the IBC Code

Not applicable for product as supplied.

according to Regulation (EC) No. 1907/2006

## **D-Panthenol**

Version 3.2

Revision Date 02.03.2018

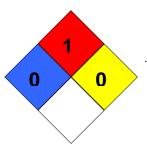

**0413852** Date of last issue: 15.10.2014

## **SECTION 15: Regulatory information**

15.1 Safety, health and environmental regulations/legislation specific for the substance or mixture

NFPA Classification

: Health hazard: 0 Fire Hazard: 1 Reactivity Hazard: 0

#### 15.2 Chemical safety assessment

A Chemical Safety Assessment is not required for this substance.

#### **SECTION 16: Other information**

#### Full text of other abbreviations

ADN - European Agreement concerning the International Carriage of Dangerous Goods by Inland Waterways; ADR - European Agreement concerning the International Carriage of Dangerous Goods by Road; AICS - Australian Inventory of Chemical Substances; ASTM - American Society for the Testing of Materials; bw - Body weight; CLP - Classification Labelling Packaging Regulation; Regulation (EC) No 1272/2008; CMR - Carcinogen, Mutagen or Reproductive Toxicant; DIN - Standard of the German Institute for Standardisation; DSL - Domestic Substances List (Canada); ECHA - European Chemicals Agency; EC-Number - European Community number; ECx -Concentration associated with x% response; ELx - Loading rate associated with x% response; EmS - Emergency Schedule; ENCS - Existing and New Chemical Substances (Japan); ErCx -Concentration associated with x% growth rate response; GHS - Globally Harmonized System; GLP - Good Laboratory Practice; IARC - International Agency for Research on Cancer; IATA - International Air Transport Association; IBC - International Code for the Construction and Equipment of Ships carrying Dangerous Chemicals in Bulk; IC50 - Half maximal inhibitory concentration; ICAO - International Civil Aviation Organization; IECSC - Inventory of Existing Chemical Substances in China: IMDG - International Maritime Dangerous Goods; IMO - International Maritime Organization; ISHL - Industrial Safety and Health Law (Japan); ISO - International Organisation for Standardization; KECI - Korea Existing Chemicals Inventory; LC50 - Lethal Concentration to 50 % of a test population; LD50 - Lethal Dose to 50% of a test population (Median Lethal Dose); MARPOL - International Convention for the Prevention of Pollution from Ships; n.o.s. - Not Otherwise Specified; NO(A)EC - No Observed (Adverse) Effect Concentration; NO(A)EL - No Observed (Adverse) Effect Level; NOELR - No Observable Effect Loading Rate; NZIoC - New Zealand Inventory of Chemicals; OECD - Organization for Economic Co-operation and Development; OPPTS - Office of Chemical Safety and Pollution Prevention; PBT - Persistent, Bioaccumulative and Toxic substance; PICCS - Philippines Inventory of Chemicals and Chemical Substances; (Q)SAR - (Quantitative) Structure Activity Relationship; REACH - Regulation (EC) No 1907/2006 of the European Parliament and of the Council concerning the Registration, Evaluation, Authorisation and Restriction of Chemicals; RID - Regulations concerning the International Carriage of Dangerous Goods by Rail; SADT - Self-Accelerating Decomposition Temperature; SDS - Safety Data Sheet; TCSI - Taiwan Chemical Substance Inventory; TRGS - Technical Rule for Hazardous Substances; TSCA - Toxic Substances Control Act (United States); UN - United Nations; vPvB - Very Persistent and Very Bioaccumulative
