

Substance number: 336809

Version: 2 / CH Replaces Version: 1 / CH Date revised: 21.12.2018 Print date: 04.10.19

SECTION 1: Identification of the substance/mixture and of the company/undertaking

1.1. Product identifier Item No.

33680900

1.2. Relevant identified uses of the substance or mixture and uses advised against

Use of the substance/preparation

Medicinal product

1.3. Details of the supplier of the safety data sheet

Address/Manufacturer

Hänseler AG Industriestrasse 35 9100 Herisau Telephone no. 0041 (0)71 353 58 58 E-mail address of sdb@haenseler.ch person responsible for this SDS

1.4. Emergency telephone number

Switzerland :145 / Abroad +41 (0)44 251 51 51

SECTION 2: Hazards identification

2.1. Classification of the substance or mixture

Classification (Regulation (EC) No. 1272/2008)

Classification (Regulation (EC) No. 1272/2008) Flam. Liq. 2

2.2. Label elements

Labelling according to regulation (EC) No 1272/2008

Hazard pictograms

Signal word

Danger

H225

Hazard statements

Highly flammable liquid and vapour.

Precautionary statements

P210	Keep away from heat, hot surfaces, sparks, open flames and other ignition sources. No smoking.
P233	Keep container tightly closed.
P243	Take action to prevent static discharges.
P280	Wear protective gloves/protective clothing/eye protection/face protection.
P370+P378.1	In case of fire: Use water sprayjet, carbon dioxide, alcohol-resistant foam or dry powder for extinction.
P403+P235	Store in a well-ventilated place. Keep cool.

H225

Substance number: 336809

Version: 2 / CH Replaces Version: 1 / CH Date revised: 21.12.2018 Print date: 04.10.19

SECTION 3: Composition/information on ingredients

3.2. Mixtures

Chemical characterization

Alcoholic solution

Further ingredients

Ethanol

CAS No. 64-17-5 EINECS no. 200-578-6 Advice: [4] Classification (Regulation (EC) No. 1272/2008) Flam. Liq. 2 H225

Note

[4] Voluntary information

Other information

The product is an article within the meaning of Article 3 No. 3 of the REACH Regulation and thus not to be labelled according to the CLP regulation. The compilation of the Safety Data sheet is not required according to Article 31 REACH Regulation for articles and is done on a voluntary basis.

SECTION 4: First aid measures

4.1. Description of first aid measures

General information

If you feel unwell, seek medical advice (show the label where possible). Take off contaminated clothing and shoes immediately.

After inhalation

Ensure supply of fresh air. In the event of symptoms take medical treatment. Irregular breathing/no breathing: artificial respiration.

After skin contact

Wash immediately with plenty of water for several minutes. Consult a doctor if skin irritation persists.

After eye contact

Separate eyelids, wash the eyes thoroughly with water (15 min.). In case of irritation consult an oculist.

After ingestion

Rinse out mouth and give plenty of water to drink. Never give anything by mouth to an unconscious person. Summon a doctor immediately.

SECTION 5: Firefighting measures

5.1. Extinguishing media

Suitable extinguishing media

Water spray jet, Carbon dioxide, Alcohol-resistant foam, Dry powder, Extinguishing measures to suit surroundings

Non suitable extinguishing media

Full water jet

5.2. Special hazards arising from the substance or mixture

In the event of fire the following can be released: Carbon monoxide (CO); In the event of a fire, toxic and combustible gases can be formed. Carbon dioxide (CO2)

Substance number: 336809

Version: 2 / CH Replaces Version: 1 / CH Date revised: 21.12.2018 Print date: 04.10.19

5.3. Advice for firefighters

Special protective equipment for fire-fighting

Wear full protective suit. Use self-contained breathing apparatus.

Other information

Cool endangered containers with water spray jet.

SECTION 6: Accidental release measures

6.1. Personal precautions, protective equipment and emergency procedures Ensure adequate ventilation. Remove persons to safety. Keep away sources of ignition.

6.2. Environmental precautions

Do not discharge into the drains/surface waters/groundwater.

6.3. Methods and material for containment and cleaning up

Take up with absorbent material (eg sand, kieselguhr, universal binder). Send in suitable containers for recovery or disposal. Clean up affected area.

SECTION 7: Handling and storage

7.1. Precautions for safe handling

Advice on safe handling

Keep away from heat and sources of ignition. Take action to prevent static discharges.

7.2. Conditions for safe storage, including any incompatibilities

Requirements for storage rooms and vessels

Keep tightly closed in a dry and cool place. Storage rooms must be properly ventilated.

SECTION 8: Exposure controls/personal protection

8.2. Exposure controls

General protective and hygiene measures

Avoid any contact with the body. Observe the usual precautions for handling chemicals. Keep away from food-stuffs, beverages and feed-stocks.

Respiratory protection

necessary; Do not breathe vapours, dust or aerosol. Provide adequate ventilation.

Hand protection

Appropriate Material Gloves / resistant to chemicals

Eye protection

Tightly fitting safety glasses

Body protection

Fire-resistant protective clothing

SECTION 9: Physical and chemical properties

9.1. Information on basic physical and chemical properties

Initial boiling point and boiling range

Disposal recommendations for packaging		on the product apart from the information given in	this subsection.
Evaluation of persistance and bioaccumulation potential (Components) Ethanol The Substance doesn't meets PBT/vPvB-criterions 12.6. Other adverse effects General information / ecology Do not allow undiluted product or large quantities of it to reach ground water, water bodies or sewage system. 5.ECTION 13: Disposal considerations 13.1. Waste treatment methods Disposal recommendations for the product Disposal in compliance with local and national regulations. Disposal recommendations for packaging	Evaluation of persistance	e and bioaccumulation potential	
Ethanol The Substance doesn't meets PBT/vPvB-criterions 12.6. Other adverse effects General information / ecology Do not allow undiluted product or large quantities of it to reach ground water, water bodies or sewage system. SECTION 13: Disposal considerations 13.1. Waste treatment methods Disposal recommendations for the product Disposal in compliance with local and national regulations. Disposal recommendations for packaging	The Substance doesn't me	eets PBT/vPvB-criterions	
The Substance doesn't meets PBT/vPvB-criterions 12.6. Other adverse effects General information / ecology Do not allow undiluted product or large quantities of it to reach ground water, water bodies or sewage system. 5ECTION 13: Disposal considerations 13.1. Waste treatment methods Disposal recommendations for the product Disposal in compliance with local and national regulations. Disposal recommendations for packaging	Evaluation of persistance	e and bioaccumulation potential (Compone	ents)
 General information / ecology Do not allow undiluted product or large quantities of it to reach ground water, water bodies or sewage system. SECTION 13: Disposal considerations 13.1. Waste treatment methods Disposal recommendations for the product Disposal in compliance with local and national regulations. Disposal recommendations for packaging 		eets PBT/vPvB-criterions	
Do not allow undiluted product or large quantities of it to reach ground water, water bodies or sewage system. SECTION 13: Disposal considerations 13.1. Waste treatment methods Disposal recommendations for the product Disposal in compliance with local and national regulations. Disposal recommendations for packaging	12.6. Other adverse effects	6	
Do not allow undiluted product or large quantities of it to reach ground water, water bodies or sewage system. SECTION 13: Disposal considerations 13.1. Waste treatment methods Disposal recommendations for the product Disposal in compliance with local and national regulations. Disposal recommendations for packaging	General information / eco	ology	
13.1. Waste treatment methods Disposal recommendations for the product Disposal in compliance with local and national regulations. Disposal recommendations for packaging	Do not allow undiluted pro	•••	, water bodies or sewage
Disposal recommendations for the product Disposal in compliance with local and national regulations. Disposal recommendations for packaging	ECTION 13: Disposal of	considerations	
Disposal in compliance with local and national regulations. Disposal recommendations for packaging	13.1. Waste treatment meth	nods	
Disposal in compliance with local and national regulations. Disposal recommendations for packaging	Disposal recommendation	ons for the product	
	-	-	
Dispose of as unused product.	Disposal recommendation	ons for packaging	
	Dispose of as unused pro-	duct.	

SECTION 14: Transport information

Safety data sheet in accord			
Trade name			
Substance number: 336809	9 Version: 2 / CH		Date revised: 21.12.2018
	Replaces Version: 1 / CH		Print date: 04.10.19
	Land transport ADR/RID	Marine transport IMDG/GGVSee	Air transport ICAO/IATA
Tunnel restriction code	D/E		
14.1. UN number	1170	1170	1170
14.2. UN proper shipping name	ETHANOL SOLUTION (ETHYL ALCOHOL SOLUTION)	ETHANOL SOLUTION (ETHYL ALCOHOL SOLUTION)	ETHANOL SOLUTION (ETHYL ALCOHOL SOLUTION)
14.3. Transport hazard class(es)	3	3	3
Label	*		3
14.4. Packing group	II	11	11
Limited Quantity	11		
Transport category	2		
14.5. Environmental hazards		no
