WE PRODUCE QUALITY.

Documentation package
for our tinctures and fluid extracts.

HÄNSELER 
SWISS PHARMA

DOCUMENTATION

Due to increased customer and regulatory requirements we provide our tinctures and fluid extracts with the following basic documentation.

1.0 Basic documentation:

- 1.1 Monography
- 1.2 Drug Certificate of Origin
- 1.3 Harvest report (fresh plants)
- 1.4 Certificate of analysis raw material
- 1.5 Certificate of analysis of finished product
- 1.6 Stability report

Additional testing:

pesticides, heavy metals, pyrrolizidin alcaloids and microbiology

2.0 Extended documentation:

(additional costs)

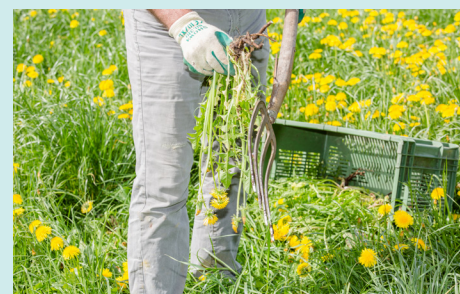

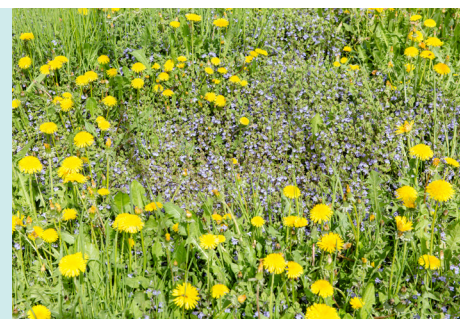

- 2.1 Complete production documentation including COC
- 2.2 Validation documentation for residue analysis
- 2.3 Manufacturing validation report

3.0 Documentation for approval:

(additional costs)

- 3.1 Preparation of an ASMF (open and closed part)
- 3.2 Preparation of a CEP

Enclosed you will find an example of our basic documentation based on our arnica tincture. Additional documents on request.

HEALTHY GROWTH
THROUGH A FRUITFUL
BUSINESS PARTNERSHIP.
